1 OBE Mapped Question Paper

The innovative assistance system for creating and managing question papers at The Cochin College is a collaborative effort developed by the Digital Solutions Committee in partnership with the Internal Quality Assurance Cell (IQAC) specifically designed to support the Internal Exam Committee. This system utilizes Outcome-Based Education (OBE) principles and Bloom's taxonomy to ensure that examinations not only assess knowledge but also the application, analysis, and synthesis skills of students in alignment with predefined educational goals. The integration of these methodologies into the question paper design aims to align assessments directly with the course outcomes, enhancing the educational impact and relevance of exams.
