Preface

The Cochin College, is a Higher Education Institution situated in West Kochi, which is committed to providing educational opportunities for all students, regardless of caste, class, or gender. In a society that is progressing but still faces injustices due to disparities, the college plays a vital role in ensuring equality on all grounds. To this end, a gender audit is conducted annually to assess gender patterns within the institution by examining programs, practices, participation, and policies. The objectives of this audit include identifying any gender gaps and devising measures for improvement.

The primary focus of this audit is the evaluation of student and staff representation in the college. This involves examining the distribution of male and female students across different academic programs, reservation categories, and extracurricular activities. It also evaluates the distribution of male and female teaching and non-teaching staff within the college, as well as the participation of female staff in governance roles.

The audit found that The Cochin College is a welcoming and inclusive environment for students of all genders. However, there are areas for improvement, such as:

- Increasing the representation of women in faculty and leadership positions
- Creating more opportunities for women to participate in extracurricular activities
- Addressing gender bias in the classroom

We are committed to creating a more equitable and just campus for all students. The recommendations in this report will guide our efforts to achieve this goal. To ensure our commitment to gender equity, we have conducted a gender audit for the academic year 2023-2024. The purpose of this audit is to identify and address any gender-based disparities in our policies, practices, and programs. The gender audit conducted by the College focused on examining student distribution in various categories of admission, participation in extracurricular activities, female staff distribution, and female representation in governance. We are committed to addressing the findings of the gender audit and making Cochin College a more equitable and inclusive place for all students.

1 Introduction

The Cochin College has a long-standing commitment to gender equality and has implemented various initiatives to achieve a gender-balanced environment. Since its inception in 1967, The Cochin College has been a cornerstone in advancing the empowerment of women in the West Kochi region. The institution has been instrumental in extending access to higher education for female students, particularly those from minority communities, the fishing industry, and other socially disadvantaged groups. By fostering an inclusive environment, The Cochin College has significantly contributed to the social and educational upliftment of these communities, thereby playing a crucial role in the broader emancipation of women in the region.

The college has established the women's Guidance Cell way back in 1994 to address gender issues and promote gender sensitization among students, faculty, and staff. The Forum organizes seminars, workshops, and awareness campaigns to educate the college community about gender equality and women's rights. The college also enforces a zero-tolerance policy for sexual harassment and has established a responsive complaint mechanism to address any such incidents.

In addition to these initiatives, the college has taken steps to increase the participation of women in sports and cultural activities, including establishing a women's sports team. The college also provides scholarships and financial aid to female students from underprivileged backgrounds. The efforts of The Cochin College to achieve gender balance have been recognized by various organizations. The Cochin College is committed to creating a gender-balanced environment for all its students, faculty, and staff. The college's initiatives are commendable and should be emulated by other institutions. From the year 2018 onwards the college initiated a gender audit to evaluate and improve gender equality and inclusivity within the institution and to ensure institutional compliance with the guidelines issued by various regulatory authorities.

2 Objectives

1. **Assessing Gender Balance:** To evaluate the gender distribution among students, faculty, and staff across various departments, programs, and governance bodies.
2. **Identifying Gender Gaps:** To detect any existing disparities between genders in terms of access to resources, opportunities, participation, and outcomes.
3. **Evaluating Policies and Practices:** To review and assess the effectiveness of existing policies, practices, and institutional frameworks related to gender equality and inclusivity.

4. **Promoting Gender Sensitivity:** To increase awareness and understanding of gender issues among students,

faculty, and staff, and to promote a culture of respect and inclusivity.

5. **Ensuring Compliance:** To ensure that the institution is compliant with national and international gender-related policies, laws, and guidelines.
6. **Enhancing Participation:** To identify ways to improve the participation and representation of underrepresented genders in academic, extracurricular, and governance activities.
7. **Improving Institutional Environment:** To assess the overall campus environment to ensure it is safe, welcoming, and conducive to learning for all genders.
8. **Providing Recommendations:** To develop actionable recommendations and strategies for addressing gender disparities and fostering gender equality within the institution.
9. **Monitoring Progress:** To establish mechanisms for ongoing monitoring and evaluation of gender equality initiatives to track progress over time.
10. **Supporting Gender Equity Initiatives:** To support the development and implementation of gender equity programs and initiatives within the institution.

2.1 Parameters to Analyze Gender Balance in the College

The gender balance and gender equality in the college were analyzed by determining the gender ratio among students, teaching staff, and non-teaching staff.

Student Gender Balance

- Student Enrollment: To all programs and program-specific enrollments
- Student Distribution: In reservation categories
- Student Distribution: For major co-curricular activities like NCC, NSS, sports, and arts

Staff Gender Balance

- Gender Distribution of Teaching Staff
- Gender Distribution of Non-Teaching Staff
- Gender Distribution of Staff in Governing Positions: Including the College Council and IQAC

The Cochin College is dedicated to creating a gender-sensitive and inclusive educational environment, addressing gender disparities, and ensuring equity for all members of its community.

6 Gender Index of The Cochin College (2023-2024)

6.1 Gender Index Calculation

To calculate the Gender Index using the provided data, the following formula has been employed.

$$\text{Gender Index (GI)} = \left(\frac{\text{Number of Female Students}}{\text{Number of Male Students}} \right) \times 100$$

The Gender Index provides a measure of the ratio of female to male students, with a value greater than 100 indicating more females than males, and a value less than 100 indicating more males than females.

The Gender Index values reflect the gender distribution across different areas in The Cochin College, with higher values indicating a higher proportion of female students relative to male students.

6.2 Gender Index Results

Category	Male Students	Female Students	Gender Index (GI)
Overall Enrollment (UG & PG)	258	398	154.26

across all programs indicates that female students outnumber male students, reflecting The Cochin College's commitment to gender inclusivity and equity.

8 Suggestions and Recommendations

- Include more Gender Awareness Programmes
- Create safe spaces for open discussions on gender-related topics
- Encourage students to share their experiences and perspectives
- Review and revise college policies to ensure they are inclusive and non-discriminatory

9 Conclusion

The Cochin College Gender Audit, following a thorough examination of all facets related to gender sensitivity and the adequacy of facilities for both men and women, highlights a positive and commendable situation within the institution. Renowned for fostering a safe and supportive environment for women's education, Cochin College has upheld this reputation for many decades, distinguishing itself as one of the few colleges in Kerala with a longstanding commitment to admitting and supporting women. The current leadership, spearheaded by a gender-balanced staff, continues to uphold the tradition of gender sensitivity, ensuring that the college remains a place of healthy interaction between male and female students.

In light of the positive findings from the Gender Audit, it is evident that Cochin College is not merely a bastion of academic excellence but also a pioneer in fostering an inclusive and respectful environment for all its students. The commitment to gender sensitivity, exemplified by the college's leadership and staff, reflects a broader dedication to creating an educational space that encourages collaboration, mutual respect, and the holistic development of both male and female students. The Cochin College Gender Audit serves as a testament to the institution's success in maintaining its legacy of providing a secure and supportive educational environment for women while fostering healthy interactions between genders.
