Gender related Policies

1 Introduction

In today's society, where introspection and evolving norms are pivotal, it is essential to champion equal opportunities and empowerment for individuals facing gender-based discrimination. The following statistics underscore the gender disparities in India:

- Although women account for 46.2% of higher education enrollments, their participation in the labor force remains at a mere 27%.
- Women hold only 24% of entry-level professional roles, and around 19% progress to senior management positions, earning 20% less than their male counterparts.

The Indian Constitution enshrines the principle of gender equality within its Preamble, Fundamental Rights, Duties, and Directive Principles. It not only guarantees equality but also empowers the State to implement affirmative actions to support women.

In response, The Cochin College is committed to fostering an environment where equality prevails. We are dedicated to creating a fair and supportive atmosphere that provides equal opportunities and protects against unlawful discrimination based on gender and other grounds. Our commitment extends to race, color, nationality, ethnic origin, gender, gender identity (including transgender status), marital or civil partnership status, disability (including mental health), sexual orientation, religion or belief, age, social class, and criminal history. We value our diverse community and are devoted to nurturing and celebrating its contributions while ensuring respectful and equitable treatment for all members.

At the core of The Cochin College is the commitment to equality of opportunity. Our Gender Equality Policy is designed to promote fair and equal treatment for all individuals within our college community. The policy aims to create an environment free from unlawful discrimination and harassment, empowering every member to reach their full potential.

2 Purpose

This policy outlines The Cochin College's dedication to achieving gender equality across all facets of college life, ensuring equal access to opportunities and protection from discrimination.

3 Scope
