Green Initiatives Undertaken by The Cochin College

The Cochin College has made significant strides toward environmental sustainability through its Green Campus Initiative. This initiative, which began with the implementation of the Green Protocol in 2019, has been further strengthened by a comprehensive Green Audit conducted in 2023. The initiative reflects the college's commitment to creating a sustainable and eco-friendly educational environment.

1 Implementation of the Green Protocol

1.1 Overview of the Green Protocol

The Green Protocol, introduced in 2019, marked a pivotal step in the college's journey toward sustainability. It established guidelines and practices aimed at minimizing the environmental impact of the college's operations.

1.2 Key Components of the Green Protocol

1.2.1 Ban on Single-Use Plastics

The college eliminated single-use plastics, replacing them with sustainable alternatives like cloth bags, reusable bottles, and metal cutlery.

1.2.2 Sustainable Events

All college events adhere to the Green Protocol, emphasizing reduced paper usage, eco-friendly materials, and responsible waste management.

1.2.3 Waste Segregation and Recycling

The protocol introduced systematic waste segregation at the source, with bins designated for degradable, non-degradable, and hazardous waste. Collaborations with NGOs like PlanatEarth ensure that paper, plastic, and e-waste are recycled responsibly.

1.2.4 Energy Conservation

Energy-efficient lighting and solar panels were installed across the campus to reduce reliance on non-renewable energy sources.

Website: www.thecochincollege.edu.in

email: email@thecochincollege.edu.in

Figure 1: Used Pen collection for recycling

1.2.5 Reduction of Paper Use through E-Governance

To further support sustainability, the college has embraced e-governance, particularly in its paperless approach to AQAR (Annual Quality Assurance Report) and SSR (Self Study Report) data collection and compilation. This initiative significantly reduces paper usage by digitizing processes and promoting electronic communication and record-keeping.

2 Green Audit

2.1 Overview of the Green Audit

In 2023, The Cochin College conducted a Green Audit to evaluate the effectiveness of its environmental initiatives and identify areas for improvement. The audit assessed various aspects of the college's environmental practices, including energy consumption, waste management, water usage, and biodiversity.

THE COCHIN COLLEGE

KOCHI - 682 002

(Affiliated to Mahatma Gandhi University and Accredited by NAAC)

Website: www.thecochincollege.edu.in

email: email@thecochincollege.edu.in

2.2 Key Findings of the Green Audit

2.2.1 Energy Efficiency

The audit revealed significant reductions in energy consumption due to the installation of solar panels and energy-efficient fixtures.

2.2.2 Water Conservation

The audit confirmed the effectiveness of the rainwater harvesting systems and water-saving fixtures, noting a substantial decrease in water usage on campus.

2.2.3 Waste Management

The audit highlighted the success of the waste segregation and recycling programs, with a high percentage of waste being diverted from landfills.

2.2.4 Biodiversity

The expansion of green spaces and the planting of native species have positively impacted campus biodiversity, providing habitats for various flora and fauna. A biodiversity register of the college was prepared in association with TIES (Tropical Institute of Ecological Sciences, Kottayam).

2.2.5 Sustainability Awareness

The audit noted increased awareness and participation in sustainability initiatives among students and staff, indicating the success of educational programs and workshops.

3 Ongoing and Future Initiatives

3.1 Expansion of Renewable Energy

The college plans to expand its solar energy capacity, aiming to meet all its energy needs through renewable sources.

3.2 Enhanced Waste Management

New waste reduction strategies are being developed, including initiatives to further minimize the use of single-use items and increase composting efforts.

THE COCHIN COLLEGE

KOCHI - 682 002

(Affiliated to Mahatma Gandhi University and Accredited by NAAC)

Website: www.thecochincollege.edu.in

email: email@thecochincollege.edu.in

3.3 Biodiversity Projects

The college is planning to establish an Interpretation Center for Mangrove Conservation and a Butterfly Park on campus, which will serve as both a conservation area and an educational resource for students and researchers.

3.4 Green Transportation

To reduce the carbon footprint associated with commuting, the college is exploring options to promote the use of electric vehicles and improve public transportation access.

3.5 Organic Farming

The NSS, along with the College Management, has taken initiatives for organic farming on the campus. Vegetables harvested are sold to students and vendors, promoting sustainable agriculture practices.

The Green Campus Initiative at The Cochin College, initiated with the Green Protocol in 2019 and further enhanced by the Green Audit in 2023, represents a comprehensive approach to environmental sustainability. Through continuous improvement and the adoption of innovative practices, the college is not only reducing its environmental impact but also setting a benchmark for sustainable education. The initiative's success underscores the college's commitment to creating a greener, more sustainable future for its community and beyond.

Back Ground

The Cochin College, is a center of higher learning based in the commercial hub of Kerala, Cochin. With the spread of universal education during the early 20th century, Kochi witnessed the establishment of numerous high schools. The emphasis on primary and secondary education significantly increased literacy rates and academic aspirations among the local populace. However, as the number of educated young individuals grew, so did the need for higher education institutions. The community's demand for a local college where students could pursue advanced studies became increasingly evident.

In response to this pressing need, the erstwhile Municipality of Kochi and the Indian Chamber of Commerce & Industry, Kochi, recognized the importance of providing higher education facilities within the city. These two influential bodies took the initiative to address the educational gap. They jointly sponsored the formation of "The Cochin Education Society," a dedicated organization aimed at establishing and managing educational institutions.

The collaborative efforts of the Municipality and the Indian Chamber of Commerce culminated in the founding of The Cochin College. This institution was envisioned as a beacon of knowledge and learning, designed to cater to the academic aspirations of Kochi's youth. The establishment of the college was a landmark event, fulfilling a long-cherished dream of the local community.

The Cochin College opened its doors to students with a commitment to providing quality higher education. It offered a range of courses and programs designed to equip students with the knowledge and skills necessary for personal and professional success. The college quickly became a symbol of hope and progress, reflecting the collective aspirations of Kochi's citizens.

Over the years, The Cochin College has grown and evolved, continually adapting to the changing educational needs of the community. It has expanded its academic offerings, introduced new disciplines, and enhanced its infrastructure to provide a conducive learning environment. The college's faculty comprises dedicated educators and scholars who are committed to mentoring and guiding students towards academic excellence.

Today, The Cochin College stands as a testament to the vision and efforts of its founders. It embodies the spirit of Kochi—resilient, forward-looking, and deeply rooted in a rich cultural heritage. The institution not only imparts education but also

Total No of Female Students: 1223

Total No of Students: 1922

Teachers

Total: 100

Non – Teaching Staff

Total: 37

The Cochin College with its unique history and limited resources for infrastructure development is still committed towards going green. In this age where the environment is recognized as a vital component of human existence and progress, the college has formulated progressive policies to ensure that the activities of the college cause minimal repercussions on the environment and an atmosphere conducive to education is provided. The aspects of safety, security and well-being are addressed in a good manner. The institution has initiated and implemented measures to reduce its carbon foot print and move in compliance with norms and rules pertaining to an educational institution.

4

Basic Data

The Cochin College stands on a property of 7.83 acres.

The Land Use- Land Cover ratio seems justifiable with more than 50 % of the campus having green cover in the form of sprawling trees, grass covered football ground, shrubs and gardens.

Policies towards reducing the carbon foot print and serve as guidelines for the green initiatives of the college are included in the annexure I

As part of the institution's commitment toward becoming a cleaner, greener campus that provides a conducive environment suitable for learning and human activity measures are being adopted in planned stages. To ensure that various academic and allied activities are carried out with minimal harm to the environment and resources are put to judicious use, policies have been framed and ratified. Wholly imbibing the spirit of Lester Brown's words that "we have not inherited this earth from our forefathers, we have borrowed it from our children" the institution which is a center of learning tries to reflect this in all its operations, while at the same time recognizing that many of these measures are to be progressively upscaled and stepped up. The management of the college believes that future generations who walk through the portals of the college should feel that significant efforts were made to make the campus clean and green.

7

Water Audit

The source of water to the campus is the municipal corporation. The water is tested and reports are shared here. The average consumption of water in the campus is 100-25 kilo liter per day.

The college has taken measures to conserve water through the installation of a rain-water harvesting system with a capture area of the entire building of the campus and the run-off from the harvesting system being collected and used to recharge the rainwater reservoir pond on the campus. Pictures given below. coolers, the picture of which is given below Annexure III

8

Recommendation: Waste water treatment and sewage treatment using aquatic plants or root zone method can be set up.

It is impressive to note that students and teachers of the Department of Zoology have done a study on the practical application of the root-zone system for sewage treatment as well as the replacement of commercial cleaning agents with bio enzyme cleaning agents made from pineapple and citrus waste.

Rainwater Harvesting

A rainwater harvesting unit has been installed in the campus to store the run off from the roof of the college. There is an impressive 1 lakh sq ft catchment area for rain water harvesting

Pictures of the unit are given below.

Waste is thus segregated at source and dry waste is handed over to the agency authorized by the local self-government and empaneled by the State Suchitwa Mission to manage and recycle plastic waste and other dry recyclables like paper.

MOU with Agency annexure IV

Food waste and organic waste are not a problem on the campus as almost all students and staff bring food from home and that too in steel tiffin carriers that do not contribute to plastic discards contaminated by food waste. Food delivery services like Swiggy and Zomato are not permitted on the campus.

31

Out Reach Activities

The college has an impressive list of outreach activities for the community. Most of these help in sensitizing the community on various matters connected to environment conservation. The list of environment conservation activities is include in annexure IX. And the report is in annexure X.

Consolidated Report

The Cochin College is a unique model of higher education with the Corporation of Kochi being an important stake holder in the institution. The college has limits in funds for infrastructure improvement but whatever shortcomings are there in infrastructure are compensated in the green initiatives, policies and projects implemented by the college. The outreach activities for the community are exemplary examples of how a college can help a community towards environment sensitization and adoption of green practices. The well-being and student engagement in various activities is certainly worth mention. The measures taken by the college in areas relevant to environment as well as the wellbeing of human beings occupying and using the campus show that the college is on the right track. The measures and steps taken by the college to ensure a conducive environment for students and staff are noteworthy. While man's existence in harmony with the environment is always a project under progress, there are commendable and progressive measures on the campus in terms of drinking water, toilets, management of waste, shift to renewable energy and far-sighted policies to ensure least pollution and threat to the environment.

The institution has already installed rainwater harvesting unit and solar panels marking a shift to clean and renewable sources of energy. The college has policies on zero waste and zero pollution and actively organizes and involves students in programs towards sustainable policies and practices. Very rarely has the Green Protocol been so effectively implemented with a strict shift from the culture of plastic disposables towards reuse, reuse, refuse and redesign strategies.

The detailed report above points out the initiatives of the college in important areas as well as makes recommendations on how the institution can move even further towards becoming a green campus in every sense.

33

Annexure I – Green Policies of the College

Policy on Energy Conservation

The institution acknowledges the fact that energy is needed for most of the activities that need to be conducted on the campus and the institution in all humility accepts that energy is a valuable resource. Hence at every level the institution strives to make sure that energy and resources are judiciously.

Lighting and Ventilation

The classrooms and other rooms of the college are well ventilated and well-lit by sunlight during the day time which constitutes almost all the activity for the college. Hence there is minimal if no need to depend on artificial lighting. This goes a long way towards reducing the need for other sources of energy for the purpose of lighting. Care is taken during construction to ensure proper penetration of sunlight as well as cross ventilation limiting the need for air conditioning. In majority of the rooms occupied, a ceiling fan or two ensures circulation of air and limits and almost entirely eliminates the need for air conditioning.

Nevertheless, the college has considered and finalized the need to shift towards installing solar panels and thereby reduce the dependency on the state power supply. This transition towards solar energy is here by recorded as part of the institutions policy towards energy. Solar panels would be installed in phases and at the end of the phased installation, the college hopes to meet its energy needs with the help of solar power.

Fossil Fuels

Most of the students and staff depend on public transport or come on foot to the campus, further reducing the need for fossil fuel powered vehicles to be owned and operated by the institution. Hence it has been made policy that the college would not own or operate vehicles to transport staff or students since the college is situated along a bus route and there are plenty of buses plying along the route.

Main Points on the Policy of Energy Conservation

1. All classrooms and other rooms to be constructed in such a way that there is sufficient natural lighting from the sun and ventilation. This will reduce the need to use electrical devices for lighting and air circulation.

THE COCHIN COLLEGE

KOCHI - 682 002

(Affiliated to Mahatma Gandhi University and Accredited by NAAC)

Website: www.thecochincollege.edu.in

email: email@thecochincollege.edu.in

34

2. Reminders Messages to be displayed near all switchboards in classrooms and other rooms to remind users to turn off lights and fans when the room is not occupied.
3. Possibilities and potential to install solar panels to be explored. Solar panels to be installed in phases so as to reduce the dependency on the state power supply and make the operations of the college more sustainable and carbon positive.
4. Since the college is located along a bus route, private vehicles are discouraged from entry into the campus as a means to encourage more and more staff and students to use public transport. This practice will bring down the carbon foot print of the institution as a whole.

THE COCHIN COLLEGE

Policy on Waste Reduction and Management

Recognizing that plastic disposables are a major threat to the environment and sound waste management practices can go a long way towards making the campus carbon positive, the following measures have been incorporated into the zero-waste policy of the campus. The college aims to become a zero-waste campus within a period of 5 years.

1. All kind of burning is discouraged in the campus. This part of the policy ensures that even dead leaves and garden cuttings do not get burnt and contribute to carbon dioxide emissions. Instead, such garden waste is composted in leaf composters or compost pits.
2. Paper is by no means to be burnt but has to be collected and recycling ensured by handing over to scrap dealers who will ensure recycling
3. Plastic waste too must not be burnt but is to be handed over to recyclers or government agencies authorized to carry out scientific processing or disposal of plastic waste.
4. At the same time, in keeping with the state government's norm of zero waste, The Green Protocol has to be implemented in the campus.
5. As part of the Green Protocol, plastic disposables are to be banned on the campus especially disposable plates, cups and straws.
6. The college has to take initiative and invest in reusable utensils like steel plates and cups to be used as substitutes for plastic disposables and thus bring down the use of plastic disposables.
7. Flex banners have to be banned on the campus.
8. Styrofoam decorations and thermocol decorations have to be completely banned.
9. A system needs to be set up for the collection of disposable pens that students tend to use and the disposal of these through plastic recyclers.
10. E-waste generated on the campus has to be generated and documented. E-waste needs to be properly stored in a closed room with proper roofing. E-waste needs to be disposed only through authorized agencies.
11. The furnace and chimney that was originally constructed for burning of garden waste is to be decommissioned and used for some other purpose.
12. Sanitary waste like sanitary napkins have to be discouraged in favour of more sustainable practices like the menstrual cup.

36

13. The practice of selling packaged snacks in the canteen has to be stopped. Or the canteen operators need to take the responsibility of the disposal of such packaging generated after the consumption of such snacks.
14. Packaged and parceled lunch in plastic packaging is discouraged, and students are encouraged to bring lunch in reusable lunch boxes or packages made of banana leaves.
15. Awareness programs have to be conducted for the students and staff on days like June 5th (World Environment Day) to educate them on the need to reduce waste.

1. ABOUT THE COLLEGE

The Cochin College was founded on July 15, 1967, in response to increasing demand for higher education in western Kochi. The college symbolizes the hopes and aspirations of the public of western Kochi and is a milestone in the crowded history of this commercial town. Slowly and steadily the institution grew into a post graduate college in 1995 from its humble beginning as a junior college in 1967. The college was started by the erstwhile Municipality of Kochi and the Indian Chamber of Commerce, Kochi. The college has been an abode for many generations of students and has a rich heritage of dedicated staff and teachers as well as an enterprising team of management, affiliated to Mahatma Gandhi University, boasting a history of five decades.

The Cochin College, located in the west Kochi of Ernakulum District. Cochin College situated at Mattancherry, Kochi and has an area of 31 acres land. The college is affiliated to MG University and offers various courses in both Science and Humanities at the degree level such as Physics, Chemistry, Zoology, Botany, Commerce, Economics, English Literature and Mathematics and self-financing courses offered at degree level are commerce, mathematics, computer application and business administration.

2. BIODIVERSITY REGISTER, 2023

The biodiversity register serves as a comprehensive tool designed to analyze the current biodiversity status of the college campus and, subsequently, to formulate plans aimed at enhancing the existing biodiversity. The process involves a biodiversity audit, which entails a thorough assessment of both flora and fauna through spot surveys. This approach not only contributes valuable data but also offers students a unique opportunity for hands-on learning experiences beyond the confines of a traditional classroom setting. Engaging in observational and identification exercises during the audit helps students refine their skills in recognizing and categorizing various plant and animal species.

The biodiversity audit employed a systematic approach, including random transect and quadrant observation walks. These activities allowed the student community to actively participate in classifying the rich biodiversity within the campus. This immersive learning experience creates an environment that is conducive to improving observational skills and deepening understanding. It also provides students with a tangible connection to the natural world, fostering a sense of appreciation and responsibility for the environment.

The results of the biodiversity audit indicate that there is room for improvement in both faunal and floral diversity on the campus. In response to these findings, a planned greening program is proposed. This program aims to enrich the campus environment by introducing more native organisms, thereby enhancing the overall biodiversity. Through these initiatives, the college not only contributes to the preservation of local ecosystems but also offers students a holistic educational experience that extends beyond textbooks, promoting a sense of ecological stewardship and sustainability.

3. AIM

To document the list of flora and fauna of the Cochin college campus and prepare a Campus Biodiversity register.

4. OBJECTIVES

- To identify the floral and faunal diversity of the college.
- To estimate the density of the selected taxon and prepare a biodiversity register for the college

5. METHODOLOGY

Spot survey method was employed to assess diversity of selected taxon in the college campus. An expert from TIES and selected volunteer students from the college conducted a walk through survey and enumerated biodiversity, covering nook and corners of the campus. The surveyed taxa includes trees, shrubs and herbs; birds, butterflies and odonates (dragonflies & damselflies). The field survey was conducted during the period April 2023. Data was recorded, analyzed and prepared the reports.

6. RESULTS AND OBSERVATION

Cochin College has very limited land (31 acres), and the campus is mainly occupied with buildings, ground and roads. Hence, at present relatively low biodiversity is existing in the campus.

Fig. 1. Blue tailed bee- eater

6.1 Floral diversity of the campus

The campus has diverse plant life. A significant contributor to this botanical richness is the Herbal Garden, which stands as a focal point for the campus's overall floral diversity. Within this cultivated space, particular attention is drawn to the noteworthy density of key species such as *Polyalthia longifolia*, *Mangifera indica*, *Swietenia macrophylla*, *Syzygium cumini*, *Tectona grandis*, and *Samanea saman*, which exhibit the highest numbers in terms of population. In totality, a remarkable total of 123 distinct plant species flourish across the campus, contributing to a vibrant and dynamic ecological landscape. For a comprehensive understanding of the campus's botanical makeup, detailed information regarding the diversity and density of each individual plant species is meticulously provided below. This comprehensive documentation underscores the richness and importance of the diverse plant life that enhances the environmental quality of the campus.

Similar to the majority of college campuses in Kerala, almost all the trees found in the campus are planted during various years. A concerted effort is required to improve the biodiversity of the campus. Thematic biodiversity gardens like bamboo fence, native fruit trees, native shade trees, shall be installed in the campus. This will definitely improve the biodiversity of the campus.

121.	<i>Zingiber officinale</i>	ഇഞ്ചി	GINGER	1

Faunal diversity of the campus

The faunal diversity within the campus is relatively low, primarily influenced by the geographical characteristics of the area and a relatively sparse floral variety. The present survey enumerated the status of birds, butterflies, and odonates in the campus. Unfortunately, the findings indicate that both butterfly and odonate diversity are relatively quite low. This can be attributed, in part, to the unique landscape of coastal area, where campus is located. Coastal areas typically exhibit lower species diversity when compared to midland and highland regions. Adding to the challenges, the presence of a canal surrounding the college compounds the issue. The water in the canal is heavily polluted, primarily due to waste discharge from households and shops. This pollution is anticipated to have a detrimental impact on the diversity of water birds and odonates, further contributing to the overall limitation of faunal diversity within the campus. Efforts to address these environmental factors could potentially enhance the campus's ecological balance and foster a more diverse and sustainable faunal community.

More thematic garden like butterfly garden, a small pond of good quality water and aquatic plants for egg laying of odonates will certainly improve the biodiversity of the campus.

Fig. 3. Polluted canal near the college

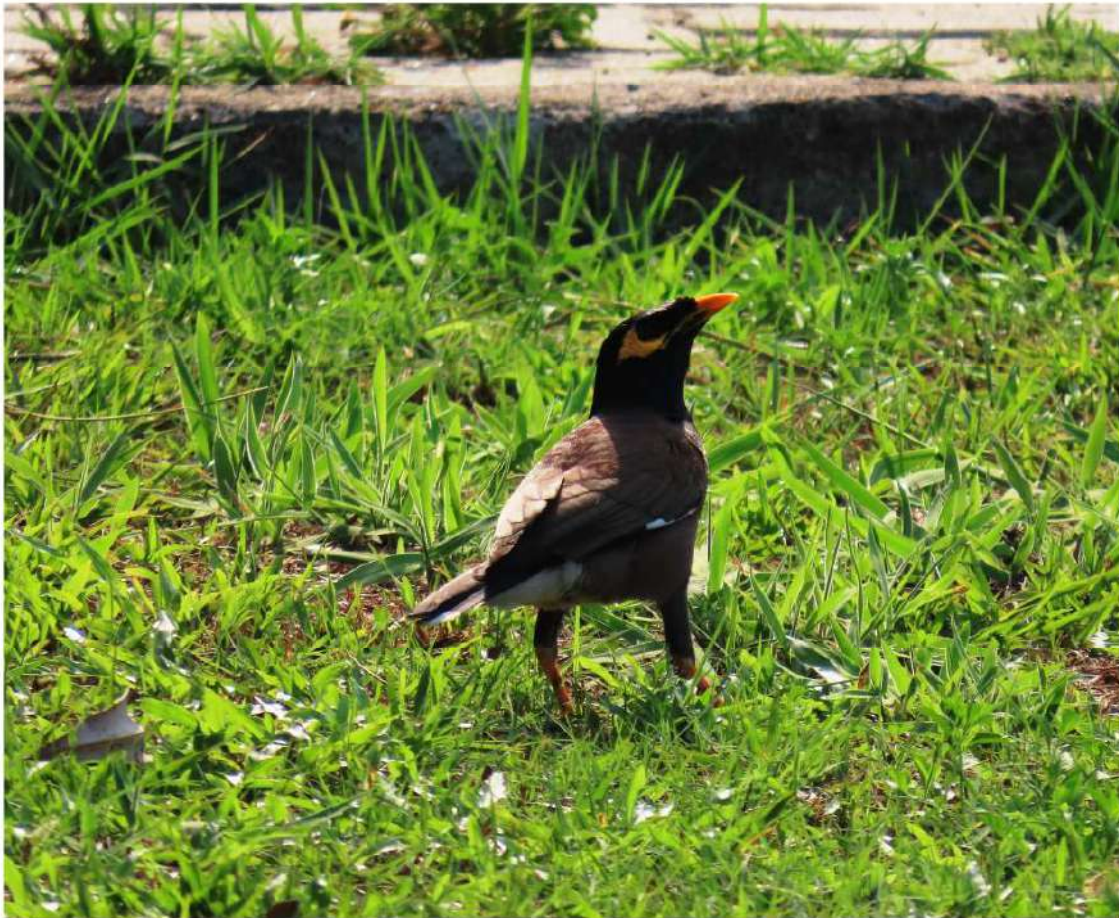

Fig.4. Common Myna

Birds of the Cochin college campus

The avian (bird) diversity of the campus is moderate, characterized by the presence of only a limited number of common bird species. The observed bird species in the campus are given in Table 2. However, the diversity of water birds (aquatic birds) is particularly scarce, a consequence of the highly polluted water body encircling the campus. This pollution has a discernible impact on the water bird population, contributing to the overall reduction in avian diversity. Notwithstanding the overall lower diversity, certain bird species exhibit a notable prevalence within the campus. The House crow, Black kite, Brahminy kite, and Rock pigeon, in particular, demonstrate a high density, making them prominent residents in the area. These observations shed light on the nuanced interplay between environmental factors, specifically the water quality, and the distribution and abundance of bird species in the study area. Addressing water pollution and implementing conservation measures could potentially improve the conditions for avian diversity in the campus.

THE COCHIN COLLEGE

46

Over the course of the survey conducted in the campus, a total of 26 bird species were identified. While this figure may seem relatively modest, it represents a more robust avian diversity in comparison to the observed diversity of butterflies and odonates in the same area. The disparity highlights that, despite the apparent limitation in the number of bird species, the campus serves as a more conducive habitat for avian life as opposed to certain other insect groups. This contrast may be attributed to various ecological factors, such as vegetation types, food sources, and nesting opportunities that are more favorable for birds. Understanding these nuances in species distribution across different taxa is crucial for a comprehensive assessment of the campus's ecological dynamics, providing valuable insights into the biodiversity and ecological balance within the study area.

Fig.6. Cattle Egret

Biodiversity Register – Cochin college campus / 10

Butterfly Diversity of the campus

The butterfly diversity within the campus is notably limited, and this is primarily attributed to the insufficient presence of both nectarine and host plants essential for attracting and sustaining butterflies. Nectarine plants provide a crucial food source for adult butterflies, while host plants serve as habitats for their eggs and caterpillars. The scarcity of these specific plant types in the campus creates a less-than-ideal environment for butterflies to thrive. Additionally, the overall lack of herbs and shrubs further diminishes the available habitat and resources for these delicate insects.

The survey identified a mere nine species of butterflies in the campus, and all of them are characterized as common. This further underscores the impact of the limited plant diversity on the butterfly population. Enhancing the variety and abundance of nectarine and host plants, as well as promoting the growth of herbs and shrubs, could potentially provide a more hospitable environment for a greater diversity of butterflies, fostering a healthier and more vibrant ecosystem within the campus. Addressing these ecological aspects is crucial for promoting biodiversity and supporting the various species that contribute to the overall ecological balance.

<i>Acraea violae</i>	തീച്ചിറകൻ	TOWNY COSTER

Fig. 8. Blue tiger

Odonate Diversity of the campus

The campus exhibits notably low odonate diversity, and this deficiency extends to the scarcity of individuals within each species. The survey identified merely four species of odonates, and the numbers of individuals within each species were found to be less than three. This paucity is indicative of a constrained and less favorable environment for these dragonflies and damselflies. The presence of a canal encircling the campus and a pond within it adds an aquatic dimension to the habitat.

Unfortunately, the water quality in the canal is a significant factor contributing to the limited odonate diversity. The canal water is highly polluted, primarily due to the discharge of waste from households and shops. This pollution is starkly evident in the dragonfly species observed, specifically the Ditch Jewel (*Brachythemis contaminata*), which is known to thrive in contaminated water. The dominance of this particular species reflects the compromised water quality in the canal around the campus.

This situation underscores the crucial interplay between environmental conditions, specifically water quality, and the health of odonate populations. Addressing the pollution in the water body could potentially improve the habitat for odonates, fostering a more diverse and resilient population in the campus ecosystem.

Table 6. List of Odonates

7. CONCLUSION

The survey results revealed that the campus currently exhibits a relatively low level of biodiversity. Among the identified species, there were 123 plant species, 9 butterfly species, 4 odonate species, and 26 bird species. The limited diversity observed in these categories indicated the need for focused conservation efforts to enrich and sustain the ecosystem.

The biodiversity survey usually serves as a critical tool for understanding and improving the biological richness of an area. This will help to implement necessary management and conservation strategies in a sustainable manner, with the ultimate goal of enhancing biodiversity within the campus. The findings from the survey provided valuable insights on the current state of floral and faunal diversity.

One notable observation was the low diversity of odonate sightings during the survey, suggesting a potential concern regarding water quality. Odonates are often sensitive indicators of environmental health, and their absence could be attributed to high pollution levels in and around the campus. This emphasizes the importance of addressing pollution issues, particularly in water bodies such as ponds and canals, to create a more conducive and sustainable environment for a diverse range of species.

Biodiversity contributes significantly towards various ecological services and provides aesthetics to the campus. College shall formulate a Biodiversity policy for the campus with a thrust to the promotion of native local species. An action plan also may be drafted and implemented in a phase wise manner in order to enhance the campus biodiversity, surpassing all kinds of limitations.

Memorandum of Understanding

This Agreement was made and entered into on *1st June 2019* by and amongst the following two parties collectively referred to as 'Parties' and each referred to individually as 'Party'.

The Cochin College, Cochin College Road, Cochin 682002, being represented by its Principal of the FIRST PART and The NGO **PlanatEarth** which is a non-profit registered as a charitable society under the Travancore Cochin Literary, Scientific and Charitable Societies Act of 1951 (Registration Number: ER-313/09) with its registered office at Aluva represented here by its Secretary Sooraj Abraham and President Mujeeb Mohammed of the SECOND PART.

Whereas

The Cochin College was founded in 1967 and is committed to enriching the lives of students by empowering them. The Cochin College provides holistic education that enables its students to actively participate in community life.

PlanatEarth is engaged in activities focused on environment conservation mainly in the management and recovery of resources that would otherwise be considered as waste. PlanatEarth takes up projects that are in line with the Sustainable Development Goals and connect the loop towards circular economy.

Certificate of Confidentiality

Plan @ Earth a registered NGO that acts as a service provider to corporate organizations and companies in the matter of collection and recycling of waste paper materials understands that papers of highly confidential nature might be present in the paper thus discarded. We have been offering such services for over 14 years now.

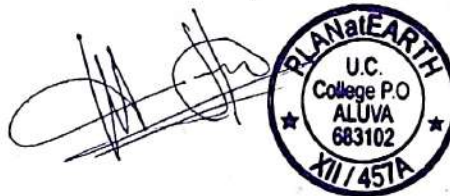

Hence Plan @ Earth undertakes to handle all the paper collected from The Cochin College, with extreme care ensuring 100 percent confidentiality of the content or utility of such matter procured from the institution.

Particular care would be taken in the case where exam sheets, mark sheets etc are handed over.

Every sheet of paper thus collected will be bundled and directly sent for processing where it will all be shredded and reduced to pulp and used for paper manufacturing itself and would reach a recycling plant with minimum handling and that too under strict packaging.

This undertaking is guaranteed under the personal risk of the undersigned, President of Plan @ Earth Mr. Mujeeb Mohammed and Secretary of Plan @ Earth Mr. Sooraj Abraham.

The MoU is valid for 1 year from the date of signing the MoU

The Cochin College [ANTI NARCOTIC CLUB]

Policy Document

1. Introduction

1-6-2022

This policy document outlines the guidelines and regulations for Anti Narcotic Cell at The Cochin College. It serves as a reference for club members, officers, and advisors to ensure the smooth functioning and compliance of the club with the policies and procedures of the college.

2. Purpose and Objectives

2.1 Purpose

The Anti Narcotic Cell was established in this institution in the year 2017. It is a specialized committee that works towards creating awareness and combating drug abuse and illicit drug trafficking in campus and among the students. Its main purpose is to promote a drug-free environment, protect students from the adverse effects of drug use, and give necessary aid to those who are struggling with drug-related issues. The cell function with the support of teachers, students, parents and the entire college community.

2.2 Objectives

The objectives of the anti-narcotic cell include:

- To ensure a drug free campus
- To engage the students in anti- narcotic activities
- Support the national anti-drug campaign
- To enable the students to be goal oriented and capable of protecting oneself and others from drugs
- **Awareness and Prevention:** The cell aims to educate students about the negative aspect of drug abuse and the potential consequences it can have on their physical and mental health, academic performance, and future prospects. It conducts workshops,

THE COCHIN COLLEGE

90

seminars, competitions and awareness campaigns to spread information about drug abuse and its harmful effects.

- **Reporting and Intervention:** The anti-narcotic cell encourages the college community to report any suspicious drug-related activities on the campus. It collaborates with law enforcement agencies such as the Excise department to take appropriate action against drug trafficking and related criminal activities.
- **Rehabilitation and Referral:** If a student is found to be struggling with drug abuse or addiction, the cell may refer them to professional rehabilitation centres or support groups.
- **Policy and Regulation:** The cell may work with college authorities and administrators to develop and implement drug prevention policies, such as random drug testing, and ensure that disciplinary actions are taken against those who violate these policies.

The overall aim of the anti-narcotic cell is

- To ensure a drug free campus
- To engage the students in anti- narcotic activities
- Support the national anti-drug campaign
- To enable the students to be goal oriented and capable of protecting oneself and others from drugs

3. Activities

- The anti narcotics cell in association with the Excise department conducts awareness classes on issues like ‘adverse side of narcotics, drug addiction, law system and related topics.
- Ensured no sale of tobacco/narcotic products inside the premises
- Conducting Anti-drug rallies
- Organising poster presentation competition on the negative effects of narcotics.
- Inspection of the college campus and the premises by the members of the anti narcotics cell

4. Club Leadership and Governance

4.1 Club Officers

The Anti-narcotic Cell consists of a Convenor and members.

4.2 Advisor

The Convenor is selected from senior faculty members. Members are selected from the teaching faculty .

4.3 Meetings

Meeting is conducted in the beginning of the academic year to chalk out the action plan for the year. Again, before the inauguration of yearly activities to discuss and prepare the programme schedule.

Amendments to the Policy Document

The Policy document is reviewed and amended periodically after the suggestions and discussions between the club members.

Acknowledgment and Agreement

We, the members of the (club/committee), acknowledge that we have read and understood the policy document and agree to abide by the policies and guidelines outlined within.

Name and Signature of Club/Committee members

Standard Operating Procedures (SOP) for Chemistry Laboratory The Cochin College.

Purpose

This SOP provides standard operating procedures for handling chemicals and apparatus in the Chemistry Department laboratory. It supplements routine safety precautions to ensure a safe and efficient working environment.

1. Responsibilities of Students

1. **Understand Instructions:** Ensure you fully comprehend all instructions before beginning any laboratory work.
2. **Authorization and Supervision:** Do not perform unauthorized experiments or work alone in the laboratory.
3. **Personal Protective Equipment (PPE):** Always wear appropriate PPE, including a laboratory coat or apron. Legs must be completely covered below the knee by clothing.
4. **Hair and Clothing:** Secure long hair and loose clothing while in the laboratory.
5. **Footwear:** Open-toed shoes, backless shoes, slingbacks, clogs, and sandals are prohibited.
6. **Safety Equipment:** Know the location and proper use of fire extinguishers, fire blankets, and first aid kits.
7. **Chemical Handling:** Carefully read labels on reagent bottles before handling any chemicals.
8. **Prohibited Activities:** Eating, smoking, and drinking are strictly forbidden in the laboratory.
9. **Storage:** Do not store food in laboratory refrigerators; they are for chemicals only.
10. **Fume Hoods:** Use fume hoods or exhaust fans when working with toxic or irritating vapors.
11. **Glassware Handling:** Do not force glass tubing through corks or rubber stoppers without proper lubrication.
12. **Test Tubes:** Never direct the open end of a test tube toward yourself or others.
13. **Acid Handling:** Always add acid to water, not water to acid, to avoid violent reactions.
14. **Burner Safety:** Learn the proper procedure for igniting and operating a laboratory burner. Extinguish the flame when not in use, and ensure flammable reagents are removed before lighting the burner.
15. **Weighing Chemicals:** Always use a proper container when weighing chemicals. Never pour chemicals directly over the balance.
16. **Unused Chemicals:** Do not return unused chemicals to their original containers unless instructed by the teacher.
17. **Reagent Containers:** Securely replace lids, caps, and stoppers after using reagents.
18. **Spatula Use:** Clean spatulas before and after inserting them into reagent bottles.

THE COCHIN COLLEGE

KOCHI - 682 002

(Affiliated to Mahatma Gandhi University and Accredited by NAAC)

Website: www.thecochincollege.edu.in

email: email@thecochincollege.edu.in

19. **Accidents:** Immediately report any accident or injury, however minor, to your instructor.
20. **Workspace Management:** Keep your workspace clear of non-essential items to prevent interference with your experiments.
21. **Personal Belongings:** Store personal items on shelves upon entering the laboratory.
22. **Spill Management:** Clean up spills immediately with assistance from the Laboratory Assistant.
23. **End of Lab Protocol:** Before leaving, clean and dry your workspace, and ensure all gas, water, vacuum, and air valves are turned off.
24. **Hygiene:** Wash your hands thoroughly before leaving the laboratory.

2. Responsibilities of Teachers

1. **SOP Awareness:** Ensure students have read and understood the SOP.
2. **Chemical Knowledge:** Make sure students are aware of the chemical characteristics through Material Safety Data Sheets (MSDS) and understand safe handling procedures.
3. **Safety Awareness:** Teachers must also be aware of the safe handling procedures for each chemical used in the laboratory.
4. **Safety Norms:** Ensure students do not violate safety norms.

3. Responsibilities of Laboratory Staff

1. **Lab Maintenance:** Ensure that the assigned work is completed and the laboratory is properly organized.
2. **Safety Responsibility:** Be vigilant regarding the safety of students and colleagues.
3. **Alertness:** Maintain constant alertness while in the laboratory.
4. **Chemical Handling:** Safely handle all chemicals.
5. **Understanding Symbols:** Be familiar with the meanings of chemical symbols on bottles.
6. **Chemical Knowledge:** Understand the nature of each chemical used in the laboratory and store them accordingly.
7. **Hazardous Chemical Storage:** Store all hazardous chemicals separately to prevent dangerous reactions, explosions, or fires.
8. **Monitoring:** Observe how students and colleagues handle chemicals, and take appropriate action if safety norms are violated.
9. **Spill Management:** Clean up chemical spills immediately with care.
10. **Emergency Evacuation:** Evacuate students to safety in case of emergency.
11. **Chemical Handling:** Do not touch chemicals with bare hands; always use a spatula or dropper.
12. **Chemical Conservation:** Avoid wasting chemicals, and reuse leftover solutions whenever possible.

THE COCHIN COLLEGE

KOCHI - 682 002

(Affiliated to Mahatma Gandhi University and Accredited by NAAC)

Website: www.thecochincollege.edu.in

email: email@thecochincollege.edu.in

4. Housekeeping

1. **Cleanliness:** The laboratory must be kept neat and clean at all times.
2. **Organization:** Apparatus and chemicals should be stored in their designated places.
3. **Workspace:** Keep the working bench free from unnecessary items, such as paper, chemicals, and waste.
4. **Spill Response:** Keep a cleaning duster handy for immediate cleanup of spills.
5. **Pathways:** Ensure that no stools or other obstacles block the pathways between working tables.
6. **Exit Access:** Keep all paths to exits clear and unobstructed.
7. **Labeling:** Label all chemical containers for easy identification.
8. **Glassware:** Handle broken glassware with care.
9. **Apparatus Cleaning:** Clean all apparatus before storing them in lockers or returning them to the counter.
10. **End of Lab Cleanup:** Thoroughly clean your work area before leaving the lab.
11. **Return Equipment:** Return boss clamps, wire gauze, tripod stands, and other equipment to their designated places.
12. **Chemical Storage:** Return bottles of chemicals to their designated places.
13. **Solution Management:** Return unused (clean) solutions to the stock from which they were taken.

5. Accident and Injury

A. Prevention

1. **Alertness:** Stay alert while working in the laboratory.
2. **Test Tube Safety:** Do not point test tubes containing boiling liquid toward others.
3. **Chemical Handling:** Always handle chemicals with appropriate tools like a spatula or dropper.
4. **Skin and Clothing:** Prevent chemicals from contacting your skin or clothing.
5. **Chemical Inhalation and Ingestion:** Do not inhale or taste chemicals.
6. **Chemical Reactions:** Do not mix chemicals without understanding their reactions.

B. Routes of Exposure to Chemicals

1. **Inhalation**
2. **Ingestion**
3. **Absorption**

C. First Aid on Overexposure

email: email@thecochincollege.edu.in

Chemicals in the Eyes

- Do not rub the eyes.
- Hold eyelids open and flush with water for 15 minutes.
- Avoid contaminating the other eye.
- Seek additional medical attention.

Chemicals on the Skin

- Flush the affected area with lukewarm water for 15 minutes.
- Remove clothing and jewelry from the burn area.
- Seek additional medical attention.

Chemical Inhalation

- Move the victim to fresh air.
- Seek immediate medical attention.

Chemical Ingestion

- Do not induce vomiting unless instructed by Poison Control.
- Seek immediate medical attention.

SOP for Waste Disposal: Non-Hazardous, Acid and Base Chemical Management

1. General Guidelines

- **Waste Segregation:** Separate waste by type (non-hazardous, acidic, basic). Do not mix different types of waste unless instructed.
- **Labelling:** Clearly label waste containers with the type of waste, chemical name, concentration, and date of collection.

2. Non-Hazardous Chemical Waste Management

- **Identification:** Confirm waste is non-hazardous via SDS or lab supervisor.
- **Collection:** Use designated containers for liquid and solid non-hazardous waste.
- **Disposal:**
 - **Liquids:** If permitted, dilute with water and dispose of down the drain, flushing with ample water.
 - **Solids:** Dispose of in regular trash if no environmental or health risks are posed.

3. Acid Waste Management

- **Collection:** Use acid-resistant containers for acidic waste.
- **Neutralization (if required):** Neutralize acids by adding to cold water, then slowly add a neutralizing agent until neutral pH is achieved.

THE COCHIN COLLEGE

KOCHI - 682 002

(Affiliated to Mahatma Gandhi University and Accredited by NAAC)

Website: www.thecochincollege.edu.in

email: email@thecochincollege.edu.in

- **Disposal:** Neutralized waste may be disposed of down the drain with water if allowed. Non-neutralized waste must be stored for professional disposal.

4. Basic Waste Management

- **Collection:** Use containers resistant to caustic substances for basic waste.
- **Neutralization (if required):** Carefully neutralize bases using a weak acid, and then dispose of according to regulations.
- **Disposal:** Neutralized waste may be disposed of down the drain if permitted. Non-neutralized waste should be stored for professional disposal.

5. Handling and Safety Precautions

- **PPE:** Wear appropriate PPE, including lab coats, gloves, and safety goggles.
- **Ventilation:** Ensure good ventilation when handling waste; use fume hoods if necessary.
- **Spill Management:** Follow spill response procedures, using appropriate neutralizing agents and absorbent materials for cleanup.

Annexure: Material Safety Data Sheet (MSDS)

Definition:

Prepared by chemical manufacturers or importers, an MSDS describes:

- **Physical Hazards:** Such as fire and explosion risks.
- **Health Hazards:** Including signs of exposure.
- **Routes of Exposure:** How chemicals may enter the body.
- **Handling Precautions:** Guidelines for safe use.
- **Emergency Procedures:** First aid measures and emergency response.

1 COMMUNITY EXTENSION PROGRAMMES 2023-2024

The National Service Scheme (NSS) unit of The Cochin College has had a remarkably active and impactful academic year 2023-2024, marked by a diverse array of programs and initiatives. Through activities ranging from environmental conservation efforts and health awareness campaigns to cultural celebrations and educational outreach, the NSS unit has demonstrated a strong commitment to community service and national development. Under the dedicated guidance of NSS Program Officers Mr. Renjith S and Dr. Soney Bhageeradhan, the volunteers have embraced the NSS motto "Not Me, But You," prioritizing the needs of the community and working tirelessly to make a positive impact. This document provides a comprehensive overview of the NSS activities carried out during the academic year. It highlights the various events and initiatives undertaken by the unit, showcasing the enthusiasm and dedication of the volunteers in promoting social welfare, environmental sustainability, and cultural enrichment. The successful execution of these programs reflects the collaborative efforts of students, faculty, and external partners, all working together to foster a sense of civic responsibility and community engagement.

1.1 Environment Day Celebration

Date: 5th June 2023

The NSS unit of The Cochin College celebrated Environment Day by planting 30 fruit saplings on the campus. The event was inaugurated by the Principal, Dr. M. Geetha, at 10 am near the basketball court. The program saw a good turnout of teachers and the participation of 60 volunteers. NSS Program Officers Mr. Renjith S and Dr. Soney Bhageeradhan coordinated the event. Following the tree plantation, the event included the inauguration of the "Malinya Muktha Keralam, Navakeralam" initiative. This was accompanied by a campus cleaning drive aimed at raising awareness about the harmful effects of plastic waste. The program concluded at 12:30 pm.

1.2 Planting of Saplings at Adopted School

Date: 8th June 2023

On 8 June 2023, The Cochin College NSS unit planted 20 fruit saplings at TD School, their adopted school in Mat-tancherry, at 3:30 pm. The event was coordinated by NSS Program Officers Mr. Renjith S and Dr. Soney Bhageeradhan. They were joined by 10 volunteers from the NSS unit in this initiative.

1.3 International Yoga Day

Date: 21st June 2023

The NSS unit of The Cochin College observed International Yoga Day on 21 June 2023 at the indoor auditorium. The resource person for the event was Mr. Manoj Krishnan, a well-known yoga practitioner. The session was attended by a good turnout of teachers and volunteers. Mr. Krishnan guided the participants through various asanas and breathing exercises, which resonated well with the audience and brought about a refreshing sense of serenity. The session lasted from 9 am to 11 am.

1.4 Poster Designing Competition

1.4.1 Date: 3rd July 2023

As part of observing the International Day against Drugs, The Cochin College NSS unit organized a poster designing competition for students on 3 July 2023. The competition, which witnessed good participation from the students, was conducted in Room No. 36 from 1 pm to 1:30 pm. The winners of the competition are:

1. Ashna Ali, III Eco (I Prize)
2. Rahul S., I English (II Prize)
3. Kochu Thressya Titus, IIMA English (III Prize)

1.5 Nutrition Kit Distribution for TB Patients

Date: 10th August 2023

In connection with the International Day for TB Awareness, the NSS unit of The Cochin College distributed nutrition kits comprising food items stipulated by health department authorities. The kits, costing around Rs. 4500, were sponsored by the teachers from the Second Language Department. This initiative was part of the Pradhanmantri T.B. Mukth Abhyan, which aims to ensure that TB patients from low-income families have access to nutritious food. The

email: email@thecochincollege.edu.in

NSS volunteers, along with Program Officers Mr. Renjith S and Dr. Soney Bhageeradhan, visited the District TB Centre at Karuvelipady. They spent time with the patients, inquiring about their health conditions and support systems at home.

1.6 Blood Donation Camp

Date: 11th August 2023

The NSS unit of The Cochin College organized a blood donation camp on 11 August 2023 in association with HDFC Bank and IMA, Cochin. The camp was held at the Chemistry Lab from 9:00 am to 1:00 pm. The event was inaugurated by the college principal, Dr. M. Geetha. The camp saw a very enthusiastic response from both male and female students, with a total of 53 donors participating and donating their blood.

1.7 Independence Day Celebrations

Date: 15th August 2023

The NSS unit of The Cochin College organised an exuberant Independence Day celebration on 15 August 2023. Volunteers prepped the grounds and gardens with eco-friendly festoons, adding to the festive atmosphere. The event began with a flag hoisting ceremony, followed by an Independence Day message delivered by Program Officer Renjith S. and Vice Principal Reshimon P. R. The volunteers sang patriotic songs to mark the occasion. After the ceremony, the volunteers embarked on an Independence Day rally through the locality, singing patriotic songs and chanting nationalistic slogans.

1.8 Two Day Residential Camp for Volunteer Secretaries

Date: 18-19 August 2023

The four NSS volunteer secretaries Aldriya Nixon, Manu Mohan, Francis Savio, and Afeefa K.N. attended a two-day residential orientation camp for NSS volunteer secretaries at S.H. College, Thevara. The volunteer secretaries came back with their batteries recharged and with a renewed desire to work harder and better towards professed NSS goals.

1.9 Onam Celebrations at Good Hope Old Age Home

Date: 25th August 2023

On 25 August 2023, the Saturday after The Cochin College closed for Onam holidays, 25 NSS volunteers and Program Officers visited Good Hope Old Age Home in Fort Kochi. The volunteers laid a floral carpet and staged dance performances, including Thiruvathira, for the residents. The singing sessions were particularly enjoyable, with some residents taking the mic and singing along with the students. The students also devised several age-appropriate games for the residents, which saw enthusiastic participation. Prizes were distributed to the winners, bringing joy and excitement to the event. In addition to the activities, the NSS unit collected Rs. 14,000 from sponsors, which was handed over to the warden as a contribution to support the residents. The students and Program Officers returned with a sense of fulfillment, feeling that the spirit and happiness of Onam had truly descended upon them.

1.10 Teachers' Day Celebration

Date: 5th September 2023

The NSS volunteers of The Cochin College undertook a special initiative to honor their teachers on Teachers' Day, 5 September 2023. They custom-made cards for each teacher in the college, a Herculean task accomplished over a week-end. On the day, the volunteers visited each department and handed over the cards along with a bar of chocolate to each teacher, expressing their gratitude and appreciation. The Principal was honored with a golden shawl, the customary mode of recognizing a person of accomplishment and achievements. This thoughtful gesture made the teachers feel truly special and appreciated on their dedicated day.

1.11 World Preservation/Ozone Day

Date: 15th September 2023

As part of the observation of World Preservation Day on 15 September 2023, the NSS volunteers of The Cochin College participated in a banner beautification event at Marine Drive, Kochi. Fifteen volunteers took part in this initiative, contributing their artistic skills to create and beautify banners aimed at raising awareness about environmental preservation and the importance of conserving natural resources. This event highlighted the commitment of the NSS unit to promoting environmental sustainability and community involvement.

1.12 Beach Cleaning and Wall Painting for Swachhata Mission

Date: 16th September 2023

On 16 September 2023, the NSS volunteers of The Cochin College participated in a beach cleaning session organized by the Indian Swachhata Mission on Saturday morning. In the afternoon, they continued their efforts by cleaning and painting figures, motifs, and messages of the Swachhata Mission on a stretch of wall assigned to them for this purpose. Despite the persistent drizzle, which added challenges to the process, the volunteers remained upbeat and dedicated to their task. Their hard work and enthusiasm resulted in a beautifully cleaned and painted wall, reflecting their pride and commitment to the Swachhata Mission. NSS Program Officers Mr. Renjith S and Dr. Soney Bhageeradhan supervised and participated in the activities, ensuring the successful completion of the tasks.

1.13 Selection Orientation for First Year Volunteers

Date: 27th September 2023

A Selection Orientation for the first-year volunteers was held on 27 September 2023 at the seminar hall from 12.45 pm to 1.45 pm. This session was organized to introduce the new volunteers to the NSS unit's activities, goals, and expectations. The orientation aimed to inspire and prepare the first-year students for their roles and responsibilities within the NSS unit.

1.14 Gandhi Jayanti week observance

Date: 02nd October 2023

The NSS unit at The Cochin College actively participates in the observance of Gandhi Jayanti week. This celebration typically includes various activities aimed at promoting the values and teachings of Mahatma Gandhi. Some of the activities organized by the NSS unit during this week include: Cleanliness Drives and Awareness Campaigns.

1.15 Swachhata Hi Seva Campaign at Raksha Special School

Date: 4th October 2023

On 4th October 2023, as part of the Swachhata Hi Seva campaign, 54 NSS volunteers from The Cochin College participated in a vigorous cleaning campaign at Raksha Special School and its vicinity. The program aimed to make the school and its surroundings safe and clean, deterring objectionable social elements. The event was attended by a sub-inspector and the ward councillor, who addressed the gathering, emphasizing the importance of cleanliness and community service.

1.16 Pre-Orientation and Campus Cleaning Session

Date: 7th October 2023

On 7th October 2023, a pre-orientation session was organized for the first-year recruits of the NSS unit at The Cochin College. During this session, the Program Officers and four volunteer secretaries addressed the new volunteers, initiating them into the values and principles of the NSS creed. The volunteer secretaries taught the recruits the NSS song and various NSS claps, fostering a sense of unity and enthusiasm among the new members. Following the orientation, the first-year volunteers participated in an energetic campus cleaning session, demonstrating their commitment to the NSS values of service and community engagement.

1.17 Beach Cleaning at Fort Kochi in Association with NETFED

Date: 13th October 2023

On 13th October 2023, 40 NSS first-year volunteers and the two Program Officers of The Cochin College participated in a beach cleaning drive at Fort Kochi organized by NETFED. The cleanup session was scheduled for the afternoon, and the first-year volunteers were excited about their first external outdoor program, made even more special by the caps and jerseys handed out to them. Before the drive began, personnel from the Coast Guard addressed the volunteers, emphasizing the importance of keeping beaches clean and the impact of plastic pollution. The volunteers enthusiastically filled their bags with plastic waste, gaining a full awareness of the enormity of the problem caused by irresponsible human behavior regarding garbage disposal. This hands-on experience underscored the significance of their efforts in environmental conservation.

1.18 NSS Room Cleaning and Painting

Date: 18th October 2023

On 18th October 2023, a handpicked group of NSS volunteers undertook the task of cleaning, whitewashing, and beautifying the NSS room in preparation for the first-year orientation program scheduled to commence on 20 October 2023. The volunteers worked diligently to transform the room, with the walls blossoming with their artistic outpourings. Their efforts ensured that the NSS room was not only clean and fresh but also vibrant and welcoming for the upcoming orientation program.

1.19 Orientation Camp for First Year NSS Volunteers

Dates: 20-21 October 2023 Aarambam 2K23

The two-day orientation program for first-year NSS volunteers, titled Aarambam 2K23, began on 20 October 2023 with a welcome speech by Program Officer Mr. Renjith S. The Principal, Dr. M. Geetha, delivered the presidential address, followed by an inspiring inaugural address by the MGU NSS Coordinator, Dr. E.N. Sivadasan. Dr. Soney Bhageeradhan, NSS P.O., proposed the vote of thanks.

Day 1

The ice-breaking session focused on Life Skills and was conducted by Ms. Divya Ramakrishnan. In the afternoon, Fr. Eldhose K Joy led a session introducing NSS, its aims, objectives, and endless possibilities.

Day 2

The morning session of Day 2 was handled by Dr. Thomas Varghese, NSS Program Officer at Bharatmata College. The afternoon session was conducted by Dr. Manju Subramanian, former NSS P.O. of The Cochin College. Additionally, four former volunteer secretaries addressed the first-year volunteers, providing them with a firm grounding in the ethics and spirit of the NSS.

1.20 Nature Education Camp at Idukki Wildlife Sanctuary

Dates: 25-27 October 2023

The NSS unit of The Cochin College organized a three-day residential nature education camp at the Idukki Wildlife Sanctuary from 25th to 27th October 2023. The group comprised 37 students (26 girls and 11 boys) and two Program Officers.

Camp Activities

Evening Sessions

In the evenings, talks were organized by the forest department aimed at presenting facts and sensitizing students about the need to conserve forests and wildlife. These sessions provided valuable insights into the importance of environmental preservation.

Forenoon Sessions

The forenoon sessions were devoted to forest treks. Forest department officers guided the students, instructing them about the unique flora and fauna of the Idukki Wildlife Sanctuary. These treks offered hands-on learning experiences and deepened the students' understanding of the natural ecosystem. The volunteers returned with a renewed sense of responsibility towards the environment and a deeper appreciation for the natural world around them.

1.21 Vayojanotsavam: A Day for Senior Citizens

Date: 1st November 2023

THE COCHIN COLLEGE

(Affiliated to Mahatma Gandhi University and Accredited by NAAC)

Website: www.thecochincollege.edu.in

email: email@thecochincollege.edu.in

On 1st November 2023, 20 first-year volunteers from The Cochin College participated in Vayojanotsavam, a special day dedicated to senior citizens, organized by the Cochin Corporation at Town Hall near North Metro Station. The volunteers assisted with various tasks and actively participated in the cultural activities. They were particularly happy dancing and singing with the senior citizens, creating a joyful and memorable experience for all. The day-long program extended from 9.30 am to 3.30 pm, providing ample time for interaction and engagement between the young volunteers and the elderly participants.

1.22 Malayala Bhasha Vaaracharanam

Dates: November 3 - 13

The NSS unit of The Cochin College, in collaboration with the college library and the Department of Malayalam, organized a week-long Malayala Bhasha Vaaracharanam program from November 3rd to 13rd. The aim was to encourage the use of the Malayalam language and create an engaging and lively atmosphere around it.

Activities

Throughout the week, various competitions were held, including:

1. Quiz
2. Essay writing
3. Elocution
4. Identifying the person
5. Recitation
6. Tongue twister competitions

These activities were designed to promote enthusiasm and interest in the Malayalam language among the students.

Concluding Event

The program concluded with a lecture on "Man, Language, and Nature" by Dr. Tom C. Thomas, Assistant Professor, Department of English, S.H. College, Thevara. This lecture provided insightful perspectives and was a fitting end to the week-long celebration of the Malayalam language.

1.27 Sneharaamam Project

Stage 1

Date: 8th January 2024

The NSS unit of The Cochin College initiated Stage 1 of the Sneharaamam project near Koovapaadam bus stand on 8th January 2024. Despite the first-year students having their exams, the second-year volunteers eagerly participated, exemplifying the NSS motto "Not me, but you." The volunteers diligently cleaned the area, removing plastics and other trash from the ground. This effort highlighted the importance of responsible waste disposal and the impact of mindless littering. The commitment and enthusiasm of the volunteers were commendable, earning them well-deserved NSS long claps.

Stage 2

Date: 10th January 2024

Stage 2 of the Sneharaamam project took place on 10th January 2024. Sneharaamam aims to transform neglected spots in the city, which often become sites for irresponsible garbage disposal, into sustainable gardens where people can rest and relax. In this phase, a team of boys worked together to plant cuttings, shoots, and seedlings brought from home. Their efforts contributed to the creation of a green, welcoming space, embodying the spirit of the project and promoting environmental sustainability.

1.28 Pacha Thuruthu Project in Collaboration with Cochin Corporation

15th January 2024

On 15th January 2024, the NSS unit of The Cochin College, in collaboration with the Cochin Corporation, undertook the Pachathuruthu project in Wards 8 and 9. This initiative focused on planting trees in areas prone to irresponsible garbage disposal, with the aim of creating natural deterrents against waste accumulation.

Activities

Tree Planting: The volunteers planted 5 Ashoka trees, 5 Ilanji trees, and 10 Arya Vepu trees in Wards 8 and 9.

Greening Effort: The project aimed to transform neglected spots into green spaces, promoting environmental sustainability and cleanliness. The Pachathuruthu project not only enhanced the aesthetic appeal of these wards but also served as a strong deterrent against the piling up of garbage, reinforcing the importance of responsible waste disposal and environmental conservation.

1.29 Nutrition Day Competitions Held by the Health Department

16th January 2024

On 16th January 2024, the NSS team of The Cochin College participated in various events commemorating Nutrition Day, organized by the Department of Health at St. Thomas Moore Church Hall, Palluruthy.

Achievements

Quiz Competition: Aparna Satheesh won the title of Nutrition Warrior by excelling in the quiz competition.

The participation and success of the NSS team in these events highlighted their commitment to promoting health and nutrition awareness within the community.

1.30 Palliative Care Day

17th January 2024

To commemorate Palliative Care Day, which was on 15th January, the NSS volunteers of The Cochin College spent a day at Good Hope Care Home on 17th January 2024. The volunteers were asked to clip the nails of the residents, which had grown long and cumbersome. They went above and beyond by providing haircuts and shaves, making it a complete grooming session.

Volunteer Participation

The second-year volunteers, demonstrating their dedication and compassion, participated for the fourth time after their special camp. They undertook the grooming endeavour wholeheartedly and with love, never once showing any manner of distaste.

Acknowledgment

The sister in charge of the home spoke highly of the volunteers, praising their dedication and kindness. She remarked that helping a person in need is akin to helping God, and that the volunteers were beloved by the Almighty for their selfless service.

1.31 Republic Day Celebration

26th January 2024

The NSS unit of The Cochin College celebrated the nation's Republic Day on 26th January 2024.

Activities

THE COCHIN COLLEGE

KOCHI - 682 002

(Affiliated to Mahatma Gandhi University and Accredited by NAAC)

Website: www.thecochincollege.edu.in

email: email@thecochincollege.edu.in

Flag Hoisting: The celebration began with the hoisting of the national flag by the College Vice Principal, Dr. Rishimon P.R.

Republic Day Speech: Following the flag hoisting, a Republic Day speech was delivered, highlighting the significance of the day and the values of the Republic.

Republic Day Quiz: An open Republic Day quiz was organized by the volunteers, engaging participants in a spirited competition and testing their knowledge about India's history and constitution.

The celebration was a meaningful and patriotic event, reflecting the NSS unit's commitment to national pride and civic engagement.

1.32 Gandhi Samadhi Day

30th January 2024

The NSS unit of The Cochin College observed Mahatma Gandhi's Martyrs Day on 30th January 2024 at the Gandhi Statue near Koovapadam Market.

Activities

Cleaning Drive: The volunteers conducted a cleaning drive around the Gandhi Statue, ensuring the surroundings were neat and tidy as a mark of respect to the Father of the Nation.

This observance was a tribute to Mahatma Gandhi's legacy, reflecting the NSS unit's dedication to community service and cleanliness.

1.33 National Youth Day Celebration

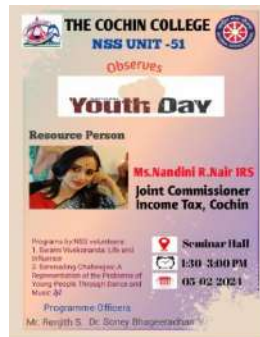

5th February 2024

The NSS unit of The Cochin College celebrated National Youth Day on 5th February 2024.

Inauguration and Keynote Speech

The celebrations were inaugurated by Ms. Nandini Nair IRS, Income Tax Joint Commissioner, Cochin, who also delivered the keynote speech. Her speech emphasized the role of youth in nation-building and inspired the volunteers to contribute positively to society.

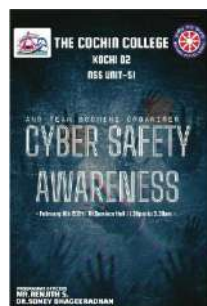

The event highlighted the importance of empowering young people and encouraged them to take active roles in their communities.

1.34 Cyber Awareness Session

8th February 2024

On 8th February 2024, the NSS unit of The Cochin College organized a Cyber Awareness program for volunteers in association with Team Bodhini, Ernakulam. The session, coordinated by NSS Program Officers Mr. Renjith S and Dr. Soney Bhageeradhan, aimed to educate volunteers about the importance of cyber safety, the risks associated with digital platforms, and best practices for protecting personal information online. This informative event provided valuable insights into maintaining cybersecurity in the digital age.

1.35 Women's Day Celebration

08th March 2024

International Women's Day was celebrated as a collaborative effort of NSS, the Women's Guidance Cell, and IQAC through the event, titled "FemmeFury". The highlight of the celebration was the felicitation of students who partic-

ipated in a remarkable demonstration of Yoga and Kalari-“Veerangana 2024”, organized under the banner of DakshinaBharatha Vanitha Kalari. Following the felicitation ceremony, there was a captivating demonstration by the students, further showcasing their proficiency in Yoga and Kalari.

1.36 Anti-Drug Campaign

13th March 2024

The NSS unit and College Library of The Cochin College, in association with the Kochi City Police, organized “Unary,” an Anti-Drug Awareness Campaign for the first-year NSS volunteers on 13th March 2024. This campaign aimed to educate and sensitize the volunteers about the dangers of drug abuse and the importance of staying drug-free.

1.37 NSS 7 Days Residential Camp

ST. XAVIER'S PUBLIC SCHOOL, KANDAKKADAVU
25 to 31 December 2023

Camp Activities Overview

1.37.1 Daily Routine:

1.37.2 Physical Exercise:

Each morning, physical exercise sessions were conducted by Amerzon Louis, Physical Education Teacher at St. Mary's School, Chellanam.

email: email@thecochincollege.edu.in

1.37.3 Community Service:

Volunteers engaged in daily community service activities within the St. Xavier's Public School campus.

1.37.4 Educational Sessions:

1.37.5 Financial Literacy:

Dr. Liance Mathew led daily discussions on financial literacy.

1.37.6 Digital World:

Dr. Paulbert Thomas presented sessions on the digital world.

1.37.7 Decision Making:

Mr. Tom Pious facilitated discussions on effective decision-making.

1.37.8 Theatre Acting:

Rajesh Sharma conducted workshops on theatre acting.

1.37.9 Student Seminars:

Each day included student seminar presentations aimed at enhancing presentation skills for all volunteers.

This comprehensive camp not only provided valuable learning experiences and community service opportunities but also contributed positively to the local environment and community.

Conclusion of NSS Activities for the Academic Year 2023-2024

The academic year 2023-2024 has been a remarkable period for the NSS unit of The Cochin College, marked by a series of impactful and diverse activities. From celebrating national events like Republic Day and Independence Day to participating in environmental initiatives such as the Pachathuruthu and Sneharaamam projects, our volunteers have demonstrated unwavering commitment to community service and national pride.

Our efforts in organizing educational programs, such as the Cyber Awareness session and the Anti-Drug Campaign "Unarv," have equipped students with essential knowledge and skills for personal and societal development. Additionally, the nature education camp at Idukki Wildlife Sanctuary and various other outreach programs have fostered a deeper sense of environmental responsibility and social awareness among the volunteers.

The involvement in health-related initiatives, including the Nutrition Kit Distribution for TB patients and participation in Nutrition Day competitions, underscores our dedication to public health and well-being. Moreover, our cultural and community engagement activities, such as the Onam Celebrations at Good Hope Old Age Home and the Vayojanotsavam for senior citizens, highlight the NSS unit's commitment to fostering a compassionate and inclusive community.

Through these diverse activities, our volunteers have embodied the NSS motto "Not Me, But You," consistently prioritising the needs of the community and contributing positively to society. The dedication and enthusiasm shown by our volunteers and Program Officers, Mr. Renjith S and Dr. Soney Bhageeradhan, have been exemplary, ensuring the successful execution of all initiatives.

As we conclude this academic year, we look forward to continuing our mission of service, leadership, and community development in the years to come, inspired by the achievements and experiences of 2023-2024.

2 EXTENSION ACTIVITIES THROUGH DEPARTMENTS, CLUBS AND COMMITTEES

2.1 Department of Zoology

2.1.1 SHARP Project:

Students of the Department of Zoology, The Cochin College volunteered in a Resource Recovery and Recycling Drive organised by Plan@earth in association with KMRL (Kochi Metro Rail Limited) from 5th June 2023, to 9th June 2023. This initiative aimed to promote environmental sustainability through effective waste management practices. The Zoology students played a crucial role in the collection, sorting, and categorising of recyclable materials, as well as educating the community on the importance of recycling and proper waste disposal at Aluva, Kalamassery, JLN Stadium, MG Road and Vytilla Metro Stations.

email: email@thecochincollege.edu.in

2.1.2 ECHO Project:

Four students and one faculty member from the Department of Zoology, The Cochin College participated in the ECHO Bootcamp on 22nd and 23rd September 2023, at Christ University Nodal Office, Thiruvananthapuram. ECHO 2023 is a platform designed to empower young individuals to harness their innovation and entrepreneurial skills to drive positive change and create a significant environmental impact. Participants were tasked with identifying an environmental problem and devising an innovative solution that would benefit the community. This year's theme, "Innovate to create resilient cities and urban communities," encouraged the attendees to focus on developing solutions that enhance the resilience of urban areas, addressing issues pertinent to sustainable city living. The active involvement underscores their commitment to environmental stewardship and community development.

2.1.3 Zonal Zoo fest:

The Department of Zoology, The Cochin College in association with the Zoological Society of Kerala and co-funded by the DBT Star College Scheme, organized the Zonal Zoo FEST 2023 on 20th October 2023 at The Cochin College. The event saw participation from 106 students representing seven colleges: The Cochin College, St. Teresa's College Ernakulam, St. Albert's College Ernakulam, Maharaja's College Ernakulam, Bharata Mata College Ernakulam, Sacred Heart College, and St. Xavier's College Vaikom. The Fest featured nine different competitions for undergraduate students, fostering a spirit of academic and extracurricular excellence. ZOOFEST 2023 was inaugurated by Prof. Dr. Mohan Joseph Modayil, Fisheries Adviser Consultant, and Senior Adviser to the Government of Andhra Pradesh, who also engaged with students about career opportunities in the Life Sciences. The highlight of the event was The Cochin College winning The A K Prema ever-rolling trophy for accumulating the highest points in the competitions, underscoring the college's commitment to academic and extracurricular distinction.

2.1.4 DROP (Drive to Recover Ocean Plastics) :

On 31st January 2024, students from the Department of Zoology along with the Bhoomitrasena Club of The Cochin College performed an impactful street play at Munambam Harbour, Kochi, to raise awareness about Plan@earth's 'DROP: Drive to Recover Ocean Plastics' project. Through their compelling performance, they highlighted the critical issue of ocean plastic pollution and the urgent need for collective action to address it. Additionally, they created stunning wall art to further educate the public about the detrimental effects of plastic on marine environments and to inspire community involvement in saving our oceans from plastic pollution. Their efforts were met with great appreciation from the local community, underscoring the importance of environmental conservation.

2.1.5 Citizen Science Program (REVIVAL) (Rehabilitation of Vibrio Infested Waters of Vembanad Lake- Pollution and Solution):

In a bid to promote citizen science initiatives, the Central Marine Fisheries Research Institute (CMFRI) launched the REVIVAL project (Rehabilitation of Vibrio Infested Waters of Vembanad Lake - Pollution and Solution). This multi-institutional research project invited college students and the public to participate in optical mapping of the Vembanad Lake. The project's objectives include understanding the extent of pathogenic Vibrio pollution, identifying their reservoirs in the ecosystem, mapping the distribution of Vibrio carriers using remote-sensing techniques, and developing forecast models to anticipate microbial infection hotspots. Data collection was facilitated using a Secchi disc, a simple hand-held device to measure water turbidity, and a mobile app named TurbAqua was developed for uploading the data. On 8th November 2023, 32 first-year UG students from the Department of Zoology, The Cochin College attended an orientation session for the Citizen Science Program organised by Ms. Ancy C Stoy, a Research Scholar at CMFRI, where Secchi disks were distributed. The students also underwent a comprehensive training session at CMFRI on 24th January 2024, equipping them with the skills necessary to contribute effectively to this important environmental initiative.

2.1.6 Nature Education Camp: Silent Valley National Park

First-year B.Sc Zoology students, in association with the Nature Club, participated in a three-day nature camp from 16th to 18th November 2023, at Silent Valley National Park, Mannarkkad, and Attappadi. Funded by the Kerala Forests Wildlife Department and co-funded by the DBT Star College Scheme, the camp included bird-watching walks, where notable sightings such as the Malabar Trogon, Nilgiri Wood Pigeon, and the Great Indian Hornbill were observed. A session by forest officials emphasized the "Leave No Trace" policy, and a visit to the Attappadi landscape showcased the barren lands resulting from deforestation and improper land use. This highlighted the importance of sustainable practices to prevent ecological disasters. During the interactions with the Silent Valley tribal community, the tribes shared their deep connection with the forest and their traditional knowledge of the ecosystem which has been passed down through generations. It underscored the significance of preserving both the natural environment and the cultural heritage of the region.

2.1.7 Institute Visit:

On 2nd February 2024, the final year B.Sc students from the Department of Zoology, The Cochin College visited the Central Marine Fisheries Research Institute (CMFRI) on the occasion of its 77th Foundation Day. This visit provided the students with a valuable opportunity to explore the advanced research labs and the museum at CMFRI. The experience offered the students firsthand insight into the various research activities and technological advancements in marine fisheries. It was an enriching educational experience that allowed them to understand the practical applications of their studies and gain deeper knowledge about marine biodiversity and fisheries science.

2.1.8 Student's Exhibition cum Sale of Vermicompost at Udyami Bazar:

The final year students of the Department of Zoology were given training in vermicomposting on 13th December 2023. Following this training, the students prepared high-quality vermicompost, which was showcased and sold at the Entrepreneurs Market (Udyami Bazar) during the IIC regional meet held at CUSAT, Kalamassery, on 16th January 2024. This initiative not only provided the students with practical experience in sustainable agricultural practices but also offered them a platform to demonstrate and market their products, fostering entrepreneurial skills and environmental awareness.

email: email@thecochoincollege.edu.in

2.2 Department of English

2.2.1 English Enhancement Programme:

As part of an extension activity, teachers and Post Graduate students from the Department of English at The Cochin College organized an English Enhancement Programme for Anganwadi mothers and teachers on 12th March 2024. The initiative aimed to address common pronunciation mistakes made by native Malayalee speakers, providing tailored instruction to help improve their English language skills. In addition to the focused training sessions, the department also contributed valuable educational materials to the Anganwadi library, enhancing the resources available for both teachers and mothers. This program not only supported the participants in developing better communication skills but also reinforced the college's commitment to community engagement and educational development.

2.3 Department of Economics

2.3.1 Served as Judge:

Mr. Renjith S, Assistant Professor of History, The Cochin College served as a judge at the Kerala State Social Science Fest held in Thiruvananthapuram on December 1-2, 2023. This event gathered students from across the state to showcase their knowledge and projects in various social science disciplines, promoting academic excellence and fostering a deeper understanding of social sciences among young minds.

KOCHI - 682 002

(Affiliated to Mahatma Gandhi University and Accredited by NAAC)

Website: www.thecochincollege.edu.in

email: email@thecochincollege.edu.in

2.3.2 Motivation Class:

As part of the extension activity, Mr. Renjith S, Assistant Professor of History, The Cochin College conducted a motivational session for the inmates of Mattancherry Sub Jail on 23rd March 2024. The session, titled "Man and Social Life," focused on the importance of social connections and the role of individuals within society. It aimed to inspire and educate the inmates, providing them with valuable insights and fostering a sense of community and personal growth.

2.4 Department of Commerce

2.4.1 Swachh Bharat:

As part of its extension activities, the Department of Commerce at The Cochin College conducted a cleanup campaign on 5th October 2023 in alignment with the Swachh Bharat Abhiyan. The campaign focused on cleaning beaches and parks in and around Fort Kochi. This initiative aimed to promote environmental sustainability and cleanliness in public spaces, enhancing the beauty and hygiene of these areas. The active participation of students and faculty in this campaign not only contributed to a cleaner environment but also fostered a sense of community responsibility and awareness about the importance of maintaining public spaces.

2.4.2 Outreach Activity: Visit to Raksha Special School

As part of its outreach activities, the Department of Commerce, The Cochin College organized a visit to Raksha Special School. On 22nd August 2023, students and teachers from the department visited Raksha Special School in Mattancherry to celebrate Onam with the students, bringing joy and festivity to the occasion. Additionally, a fundraiser program, Diwali Sale, was held on 8th November 2023, where Chirags made by the students of Raksha Special School

email: email@thecochincollege.edu.in

were displayed and sold at The Cochin College. This initiative aimed to support the special school's students, highlighting their talents and fostering a sense of community and inclusion. The combined efforts of celebration and fundraising significantly contributed to the well-being and support of the students at Raksha Special School.

2.4.3 Extension Activity: Career Opportunities in Commerce

On 12th October 2023, Dr. Lakshmisree R., Assistant Professor in the Department of Commerce, conducted an extension activity on Career Opportunities in Commerce for the higher secondary students of St. Sebastian's School, Thoppumpady. The session covered various career choices and job opportunities available to plus two commerce students, emphasizing the importance of selecting the right courses. It was an interactive session where students actively participated by asking queries about course selection and job prospects, receiving valuable guidance and insights from Dr. Lakshmisree.

2.5 Department of Physics

2.5.1 Tarang 2024:

The Cochin College Science and Quiz Club, in association with the Department of Physics and the Department of Electronics, organized THARANG-2024, National Science Day Celebrations during the last week of February. The programs included a science field visit to C-SiS CUSAT, expert classes, and lab visits. Approximately 30 students participated in the field visit, gaining valuable exposure and insights into scientific research and applications.

email: email@thecochoincollege.edu.in

2.6 Department of Botany

2.6.1 Visit to Old Age Care Home: Snehapoorvam

The Department of Botany, in association with the Department of Biochemistry and Biotechnology, organized an out-reach programme titled 'Snehapoorvam' on 19th December 2023. The event took place at Prateeksha Bhavan, an old age care home located in Edakochi. The programme aimed to foster a sense of community and provide support to the elderly residents. Students and faculty members engaged in various activities designed to bring joy and companionship to the senior citizens.

2.7 College Library

2.7.1 Books on Wheels:

Books are being delivered to homemakers in the Ninth Ward of the Cochin Corporation, thanks to a collaborative effort between the library of The Cochin College and the NSS unit. The flagging off ceremony took place on 17th Octo-

2.8 Department of Chemistry

2.8.1 Awareness Class on the Abuse of Drugs:

On the International Day Against Drug Abuse and Illicit Trafficking, Department of Chemistry, in collaboration with the Anti-Narcotic Club of The Cochin College, organized an awareness class on 30th June 2023, for the high school students of EMGHS, Veli, Fort Kochi. The session aimed to educate young minds about the dangers of drug abuse and its adverse effects. Conducted by the students of II B.Sc Chemistry, the class featured interactive discussions, providing valuable insights and fostering an open dialogue on this critical issue. This initiative underscored the college's commitment to community outreach and its proactive role in promoting a drug-free society.

2.8.2 Survey on Water Quality:

Students of the first and second year B.Sc Chemistry at The Cochin College conducted a comprehensive water quality analysis in approximately 50 houses of the adopted Ward 7 on 25th March 2024. This initiative aimed to assess the quality of water being used by the residents and to identify any potential contaminants that might pose health risks. The students meticulously collected water samples and performed various tests to evaluate parameters such as pH, turbidity, and the presence of harmful substances.

2.9 Anti Narcotic Cell

2.9.1 Awareness Campaign:

In connection with the International Day Against Drug Abuse and Illicit Trafficking, the Anti-Narcotic Club of The Cochin College along with the Department of Chemistry conducted an awareness class on 30th June 2023 for the high school students of EMGHS, Veli, Fort Kochi. The session focused on the abuse of drugs and its adverse effects, aiming to educate young minds about the dangers of substance abuse. The class was conducted by the students of II B.Sc Chemistry, who interacted with the school students, providing valuable insights and fostering an open dialogue on this critical issue.

2.10 Nature Club

2.10.1 Nature Camp and Field Study:

Silent Valley National Park First-year B.Sc Zoology students, in association with the Nature Club, participated in a three-day nature camp from 16th to 18th November 2023, at Silent Valley National Park, Mannarkkad, and Attappadi. Funded by the Kerala Forests Wildlife Department and co-funded by the DBT Star College Scheme, the camp included bird-watching walks, where notable sightings such as the Malabar Trogon, Nilgiri Wood Pigeon, and the Great Indian Hornbill were observed. A session by forest officials emphasized the "Leave No Trace" policy, and a visit to the Attappadi landscape showcased the barren lands resulting from deforestation and improper land use. 2.11.2 International Peace G20 Youth Summit 2023:

The Cochin College was recognized as a "Peace League Institution" at the International Peace G20 Youth Summit 2023, held on 12th August at The Choice School, Tripunithura, Kochi, Kerala, South India. In association with the Bhoomitrasena Club, ten students from B.Sc. Zoology, along with Faculty in Charge Dr. Manju V. Subramanian, who was honoured as a Peace Ambassador, participated in the summit. Notably, Manu Mohan of 2nd B.Sc. Zoology actively took part in a panel discussion on "Gender Equality," contributing to the important dialogue on this critical issue. The recognition and participation underscore The Cochin College's commitment to fostering peace and promoting gender equality.

2.12 Awards and Recognition
